Study one of 12 languages at your own school by distance education

Open to all NSW high school students In Years 9 to 12

WHY LEARN LATIN?

- Latin is a classical language originally from Ancient Rome.
- Learning Latin promotes cognitive skills and builds an excellent foundation for understanding how languages are constructed. It gives you an understanding of the mechanics and structure of language, as well as a better understanding of English.
- You will learn all about Ancient Roman culture and literature, read famous literary classics and immerse yourself in a culture and world of long ago.

| Years 9 and 10 | • 100 hours |
|               | • 200 hours |
| Years 11 and 12 | • Continuers |

- Knowing Latin, you can access more easily the specialised language of any field of learning.
- It is the key to vocabulary and grammatical features of the Romance languages - French, Italian, Portuguese and Spanish.
- Anyone who is fascinated by ancient history will love learning Latin!
