## About NSL

---

NSW School of Languages is a distance education Languages specialist school. We are part of a network of Department of Education schools that provide online Languages to students by distance education.

Subject to satisfying certain guidelines, students in NSW secondary and central schools may enrol to study a language course not available to them at their home school. Enrolment is available to Years 9-12 students from NSW public schools and other educational providers.

Learning is supported through a diverse program of engaging online courses, speaking lessons, and face-to-face lesson days at our campus in Petersham.

Face-to-face lesson days are held once per term and give students the opportunity to meet and learn with other students, whilst being immersed in the culture of the language of study.

## Stage 5 YEARS 9 AND 10

---

The Year 9 and 10 courses cater to all students with or without any prior knowledge of German. These courses offer not only a solid linguistic foundation: learning core vocabulary and grammatical structures, but they also provide opportunities for enrichment tasks, for students to have the opportunity to be creative.

Our dedicated German teachers will guide students through well-structured courses on our eLearning platform. Our courses offer engaging learning experiences which develop student communication skills and cultural understanding. Weekly personalised online speaking lessons are an integral part of the courses for students to develop their German speaking skills and to discuss the coursework with their teacher.

Our enjoyable face-to-face lesson days each term provide students with a great opportunity to meet their classmates and to learn through a range of fun group activities and cultural experiences.

## Stage 6 YEARS 11 AND 12

---

Years 11 and 12 students are offered the opportunity to undertake German Beginners, Continuers, and Extension courses under the expert guidance of our experienced German teachers.

Weekly speaking lessons are integral to the courses, allowing students to develop their German speaking skills and discuss the coursework with their teacher. Our face-to-face lessons each term provide students with a valuable opportunity to meet their classmates and put their language learning into practise through conversation.

Through studying a range of authentic texts and accessing diverse media, students develop their ability to comprehend linguistic processes and structures and communicate in written and spoken German at a level appropriate to the German HSC Examinations.
