Our School

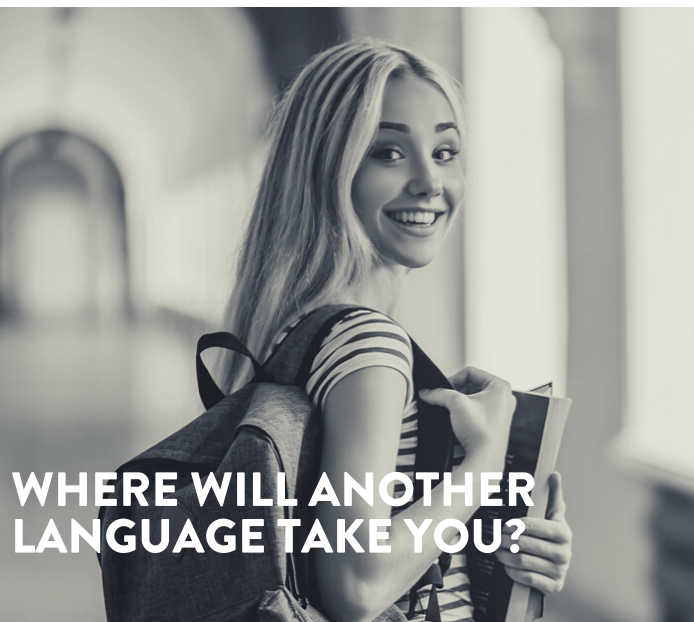

NSW School of Languages is a distance education language specialist school. We are part of a network of Department of Education schools that provide education to students by distance education.

Students in NSW secondary and central schools may enrol to study a language course not available to them at their home school.

Subject to satisfying the guidelines, enrolment is available for Years 9 - 12 students from NSW public schools and other educational providers.

Learning is supported through a diverse program of online courses, speaking lessons, video conferencing and email.

Each term study days are held at NSW School of Languages where students enjoy the opportunity to meet and learn with other students and staff.
