LEARN A  
LANGUAGE!**

## Our School

NSW School of Languages is a distance education language specialist school. We are part of a network of Department of Education schools that provide education to students by distance education.

Students in NSW secondary and central schools may enrol to study a language course not available to them at their home school.

Subject to satisfying the guidelines, enrolment is available for Years 9 - 12 students from NSW public schools and other educational providers.

Learning is supported through a diverse program of online courses, speaking lessons, video conferencing and email.

Each term study days are held at NSW School of Languages where students enjoy the opportunity to meet and learn with other students and staff.

WHERE WILL ANOTHER  
LANGUAGE TAKE YOU?

# Hallo

## Stage 5

Germany is the fourth largest economy worldwide and speaking German can lead to many opportunities.

The Years 9 and 10 courses cater for all students, with or without any prior knowledge of German. It not only offers a solid foundation: learning core vocabulary and grammatical structures, but also opportunities to be creative in enrichment tasks.

Our caring and experienced German teachers will guide students through well-structured courses on our eLearning platform.

## Stage 6

Do you want to maximise your options for the future, then German is the language for you!

Our courses offer engaging learning experiences which develop student communication skills and cultural understanding.

Weekly speaking lessons are an integral part of the courses for students to develop their German speaking skills and to discuss the course work with their teacher.

Our enjoyable face-to-face lessons each term provide students with a great opportunity to meet their classmates and to learn through a range of fun group activities and cultural experiences.

A range of authentic texts and media help students to develop their German language skills for the HSC examination.
